

Northern Indiana Mountain Bike Association

Sign Post Program

Put a permanent mark on one of the NIMBA trails in 2011!

NIMBA will be installing signs on the new Bendix Woods trail and resigning the Rum Village and TK Lawless trails. We will be using the same type of high quality sign posts that we installed at Potato Creek State Park. For \$35 we will place your name on a sign at the trail of your choice. Your name will be at the bottom of the printed portion of the sign, protected by high impact plastic. There will only be one name per sign post, and we will send you a picture of your sign along with its location on the trail. Would you like your name on multiple signs or multiple trails? Just send in \$35 for each sign post.

The sign posts are a great gift for families and friends. Your support of the sign post program helps NIMBA ensure that all our trails are well signed and simple to navigate.

Your \$35 funds the installation of the sign post; it does not cover any future maintenance or replacement.

The post is 6" wide
